CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Gospel

It is gospel truth to say that no DISEASES such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, boils, bowel troubles, skin eruptions, and all those caused by local imflammation, can be so quickly, safely and surely cured, as by the use of HAMLINS WIZARD OIL.

It gets right down in, around the nerves and blood vessels of the affected tissues, where the trouble is, and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Price 50c and $1.00. Fully guaranteed.

Merchant Assassinated.

M. S. Carrasola, a wealthy Italian, who has a chain of department stores throughout Washington county, Pa., was murdered Saturday night at his store in Dunleavy, a small mining town, near Monongahela City, Washington county. Some months ago Carrasola sent notices to all his patrons that in future he would not give credit to his patrons and that all must pay cash. The miners were indignant, particularly the foreigners, who formed the greater part of his customers.

Several times Carrasola received letters warning him that if he did not reestablish the credit system among his countrymen he would be severely dealt with. He paid no attention to the threats, however. On Saturday his wife received another letter telling her that if her husband did not rescind the order at once he would be killed. She begged of him to recede from his position and to arm himself, but he refused to do either.

Shortly after 11 o'clock Saturday night Carrasola was preparing to close his store, when he heard a sound at one of the front windows. He opened the door and peered out into the darkness. There was a shot and the Italian fell dead, the bullet having penetrated his heart. Although posses were organized and searched the neighborhood, there is not the slightest clew to the identity of the assassins.

Prosecutor Ernest Koesten of Hackensack, N. J., started for Washington yesterday afternoon to appear before the United States Supreme Court today in the case of Anna Valentina, the murderess under conviction at Hackensack. Sheriff Mercer, Judge Zabriskie, and Hangman Vanhise have received hundreds of letters relating to the case of Mrs. Antoinette Tolla, who was reprieved last Friday for thirty days. The most of these missives are from the South and from the West as far as the Dakotas, appealing for mercy. But those received by Vanhise are of the Black Hand type, some of them smeared with blood, and informing him that he will never reach Hackensack if he starts to hang Mrs. Tolla. They are all from Milwaukee and vicinity. One from that city to the sheriff declares that the jail and all in it will be dynamited before Mrs. Tolla shall die on the gallows, and that Vanhise will be done for on his way to the execution. The writer declares that a large delegation of anarchists has been selected to carry out the order's decree.

Relations Severed.

A dispatch from Caracas, Venezuela, dated January 11, says that the Venezuelan government, having continued to abstain from renewing relations with France through M. Taigny, the French charge d'affaires, Mr. Russell, the American Minister, on Wednesday afternoon delivered a note to Venezuela, on France, severing relations between the two countries.

The archives and interests of France remain in the hands of Mr. Russell. M. Taigny has been recalled. Communication by way of the French Cable Company's line is prohibited, and dispatches much be sent by way of the Island of Trinidad.

Mr. Russell, the American Minister to Caracas, has notified the State Department of his action in delivering a note to the Venezuelan government on behalf of France, severing diplomatic relations between the two countries. Conformably to the request of the French government, Mr. Russell will look after such interests of France and French subjects as may require immediate attention until such time as France and Venezuela may resume friendly relations.

The State Department advices are belated, and come by the way of the Island of Trinidad. The department was without any advices from Mr. Russell Saturday, and it is stated no fresh instructions have been sent to him.

Weakness in Transport Service.

A remarkable exposition of the fatal weakness of the army transport resources in case of war is contained in a paper prepared by the general staff, transmitted by Secretary Taft to Senator Galliger, chairman of the merchant marine commission, in charge of the shipping bill now pending before the Senate. In the course of its work in preparing in time of peace for war the general staff has discovered that even the present limited military force could not be transported over the sea in case of a war with a foreign country or to defend our insular possessions unless there should be an immediate and great increase in the number of American steamships suitable for transport service. It is pointed out that foreign shipping could not be drawn upon in time of war because of the neutrality laws, so that under present conditions "the quick first blow, so very and increasingly important, cannot be struck at all." Incidentally, the staff criticises with the greatest freedom the conditions under which the first little American army was transported to Santiago to begin the Spanish-American war.

Murders in Chicago.

The murder of four women in the north side of Chicago within less than two months, in a district not more than a mile square, and particularly the most wanton murder in the city's crime annals, that of Mrs. Bessie Hollister, on Friday night, has stirred the citizens of that section of the city to indignation that will find voices in a huge mass meeting to be held some time this week. Residents of that part of the town are arming, and are advising their wives to go armed and throughout the city the feeling is strong that something must be done to stop the murders.

There have been fifty-four murders in Chicago since July 26, twenty of which were women, and of that number ten of the murderers escaped. The police are being criticised freely. Many of the patrolmen and detectives are accused of being incompetent, and drunkenness neglect, improper methods, and petty grafting are laid at the doors of the subordinate officers.

Bent Her Double.

"I knew no one for four weeks when I was was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was re cued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful." Guaranteed to cure, stomach, liver and kidney disorders; at E. S. Leadbeater & Sons' drug store; price 50.

Stomach Troubles and Constipation.

"Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Cullman, a druggist of Potterville, Mich. They are easy to take and always gives satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by Gibson & Timberman and W. F. Creighton & Co.

Perfection can only be attained in the physical by allowing Nature to appropriate and not dissipate her own resources. Catharties gripe, weaken—dissipate, while DeWitt's Little Early Risers simply expel all putrid matter and bile, thus allowing the liver to assume normal activity. Good for the complexion. Sold by W. F. Creighton & Co., 401 King street.

CAMPBELL'S SOUPS.—5 cases Tomato Chicken, Vegetable, Clam Chowder, and other varieties of soups just received by J. C. MILBURN

ALEXANDRIA GAZETTE AND VIRGINIA ADVERTISER.

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

MONDAY EVENING, JAN. 15, 1906.

In these days of corruption and graft, especialy since the dishonesty in the big insurance companies has been laid bare, it will be refreshing to honest people to read the following paragraph that recently appeared in the New Orleans States·

Gen. Robert E. Lee refused the presidency of one of the big insurance companies over 40 years ago. He was offered the place at a salary large enough for those days. He wrote that he hadn't the ability or the experience to command such a salary. He was told that his name was worth it. "What influence I have with the southern people is not for sale," said Lee. That ended the negotiations.

But there are few such men as Gen. Lee now, and a sad feature of the present day is that his ideas are by very many regarded as out of date sentimentalities unsuited for this generation of commercialism.

That boycotting goods is a much cheaper pastime than killing missionaries has been discovered by the Chinese. The authority for this statement is Rev. Arthur Smith, a missionary in China, who returned Saturday and who is visiting friends in Oakland, Cal. The missionary says:

The strong anti-foreign feeling in China is due in large part to the defeat of Russia by Japan. The feeling against the United States is very bitter because of the exclusion act. This feeling is heightened by exaggerated descriptions of indignities heaped on Chinese in this country. China has come to believe that it is cheaper to carry on a negative war against the United States than to attack missions and kill missionaries.

At a late Pittsburg function sixty-seven United States steel trust millionaires sat at a table at one time. Most of these men have accumulated their dollars within the past twenty years. They are one and all high tariff advocates. Their money is not the reward of honest industry or of superior ability, but of government favoritism, whereby, after making a ton of steel, they were enabled in selling it to add to the fair profit on the cost of production a premium of 50, 60 or 100 per cent. In commenting on this the Philadelphia Record says: "Their enormous accumulations are a part of the price the people of the United States pay for protection."

The anti-lobby law passed recently by the Mississippi House of Representatives defines "lobbyist" as all paid representatives of individual or private corporations created for profit which have special interests involved in legislation. These are prohibited from discussing any measure in committee or open session until they have filed credentials showing who employed them, on penalty of imprisonment and permanent exclusion from the legislatnre. This law is an excellent one and should be passed by the legislature of every one of the forty-five States.

Mr. Williams, leader of the House minority, has issued a signed statement favoring the election of Senators by popular vote in their respective States. He expects to be a candidate for the Senate from the State of Mississippi, where the party primary system amounts virtually to a popular election. Mr. Williams is a learned and brilliant man but has not the foresight of the framers of the constitution who especially provided against what Mr. Williams now urges.

The long-expected combination of the Corn Products Company, the New York Glucose Company and other concerns, comprising almost the entire glucose industry of the country, was officially announced in New York last week. The plan involves the creation of a new company, to be known as the Corn Products Refining Company, to be incorporated in New Jersey, with a capital stock of $80,000,000. The law against combines seems to be a dead letter.

Since the conclusion of the insurance investigation by the New York legislative committee, more irregularities in the Mutual Life have come to light. It is said that expensive rugs were ordered and paid for by the company, but which were never used in the Mutual's office, and that one group of trustees had collected over $40,000 in telephone charges. These insurance barons were surely king grafters.

Attorney General Mayer, of New York, has decided to bring suits for restitution against a number of the officers for mismanagement, waste and extravagance in the Mutual Life Insurance Company. This is a proper move. They should not only be required to restore their ill gotten gains, but should be sent to jail for a sufficient length of time to repent of their sins.

In a sanguinary and what will probably prove to be the final encounter near Guayubin between the troops of General Caceres, President of Santo Domingo, and the insurgents, the former were victorious. Several generals on both sides, it is reported, were killed and wounded. In the Dominican army there are few privates.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Jan. 15.

President Roosevelt devoted much of his time today to interviewing Senators. The Panama Canal Commission nominations, the Santo Dominican treaty, the Philippine tariff and statehood bills, all very important subjects in the President's estimation, came up for attention during the morning conference. It is understood, but nothing of importance was given out for publication. Most of the Senators who emerged from the President's office admitted that the President had a good many hot fights on his hands and would be lucky if he "won out" in the majority of cases. Most of the Senators were frank in expressing the belief that Mr. Bishop, the commissioner-secretary of the Panama canal will probably fail of confirmation.

On the ground that a deaf man had been deprived of his constitutional privilege to face his accusers and hear their testimony against him, former Senator Mason, of Ill., appeared in the Supreme Court today and made application for a writ of habeas corpus for George W. Felts, convicted and sentenced to life imprisonment for murder in Winebego county, Ill.

The House today adopted two resolutions, one calling on the Secretary of the Navy to inform the House whether there has been any delay in the delivery of armor plate to the Connecticut and Louisiana, the former being built as a government enterprise in competition with private industry, and what has been done to obviate such delay if it exists. The other calling on the Secretary of the Navy to inform the House whether any changes have been made in the plans and specifications of either ship and at what additional cost.

Senator Martin says he has not sold his farm in Albemarle county, as reported. He says he had an offer for the property some days ago, but declined it.

The President has appointed his brother-in-law, Capt. William S. Cowles, U. S. Navy, to be chief of the bureau of equipment.

The National Rivers and Harbors Congress opened here today with several hundred delegates present, representing commercial and other organizations in 30 different States. The last time the Congress met was in 1901 at Baltimore. It is the purpose of the convention to thoroughly discuss the needs of various sections of the country for river and harbor improvements and to endeavor to create a general public sentiment in this direction.

Mr. Rixey has introduced the following: Bill for relief of Wm. Bushby, of Alexandria, Va.; bill for relief of Rachel Dyer, of Fairfax county; bill to increase pension of Nathan C. Bradley, of Alexandria county, also petitions from the Junior O. U. A. M. at Dumfries and Lovettsville for further restriction of immigration.

A request for an emergency appropriation of $5,840,786 for the isthmian canal commission to defray expenses from April 1 to July 1, 1906, was made to the House today by acting Secretary of War Oliver. The sum of one million is asked for miscellaneous material purchased that will have to be made.

The U. S. Supreme Court in an opinion by Justice White today, held that the State of South Carolina could not assess taxes upon the Cheraw and Darlington Railroad, now owned by the Atlantic Coast Line. The suit arose over a claim by the State of assessments upon the property.

Several democrats who are going to vote for the Philippine tariff bill now before the House, say they will do so reluctantly and on the ground that a half loaf is better than no bread, but they add they would not care a rap if the "insurgents" in the House beat the bill.

Secretary of War Taft annouced today that Lieutenant General Chaffee has tendered his resignation as chief of staff. He will be succeeded, as already arranged, by General Bates, on February 1st. Gen. Chaffee is granted leave of absence until February 1, on which date his formal retirement will take effect.

The administration has practically given up hope of affecting an arrangement with Germany to prevent the enforcement of the new German tariff schedules unless Congress is brought to such a realization of the exegencies of the immediate future that definite promises may be made as to reciprocal measures. Two months ago Secretary Root undertook with the German Ambassador, Baron Speck von Sternburg, a series of informal exchanges looking to an executive adjustment of the immediate necessities of the situation. Germany has for several years complained of the method of enforcement of the Dingley rates at the chief American ports, particularly New York. Germany has said that her exports to this country encountered discrimination in the way of classification and appraisement to which the goods of other countries were not subjected. A suggested "modus vivendi," along lines of reform in tariff administration, so far as German goods were concerned, was suggested as one method of concession by this government to Germany which would be sufficient in effect to warrant Germany in withholding the application of the new maximum schedules against American imports after March 1st, the date set ror their going into effect. Secretary Root promised the German embassador to investigate this plan of reaching an accord. Secretary Root's efforts have been fruitless.

Senator Martin was not in his seat in the Senate this morning, being detained at home by a severe cold; Senator Daniel was there however, but to a representative of the Gazette said nothing of special interest to Virginians was before the Senate today. Both Senator Daniel and Mr. Rixey said that Senator Blackburn was much gratified at the kindly feeling expressed toward him by many Alexandrians and later, when the Senator was seen by the Gazette's correspondent, he spoke of the interest he felt in Alexandria and her people and said he would certainly go down there next Friday night and attend the celebration of Gen. Lee's birthday by Lee Camp. Mr. Champ Clark, of Missouri, will also go with Senator Blackburn and Mr. Rixey, though he has accepted an invitation to be present in Leesburg on that day, said he would certainly be in Alexandria that night if it were possible for him to do so.

James Brown Scott, of California, has been appointed solicitor of the State Department to succeed Judge William L. Penfield, of Indiana, resigned.

A committee from the Anto-Joint Statehood League composed of Dwight B. Heard, Roy S. Goodrich and George French, called upon the President this morning to reiterate their arguments against the measure which if passed will hitch Arizona to New Mexico.

The House ccommittee on industrial arts and expositions today decided to hear Congressman Maynard, of Virginia, and the people who are seeking federal aid for the proposed Jamestown exposition. The committee may go to Jamestown later, as the guests of the exposition company.

The nominating of ex-Governor Geo. W. Atkinson, of W. Va., to be a judge of the Court of Claims, was today reported upon favorably by the Senate committee on judiciary. Charges had been against him charging incompetency, inexperience, and the non-payment of debts.

Secretary Bonaparte announced today the dismissal from the naval service of Midshipman Coffin, recently convicted by Court Martial at Annapolis of having hazed Midshipman Kimbrough.]

Representative Babcock, of Wisconsin, said today, discussing the story that President Roosevelt had sent him word through republicans of the Missouri delegation, "that money is being used to defeat the statehood bill," that he knew nothing to support the story. "No member of the Missouri delegation has given me such a message," he said. "Of course, if anybody got any money, the receiver of same knows about it. I don't. I have been a consistent opponent of statehood ever since I have been in Congress." At the White House today it is denied that the President made the remarks attributed to him.

Although the republican members of the Missouri delegation, who were recently in conference with the President—an occasion on which statehood was discussed—refuse to discuss that occasion, what purports to be an accurate version of the affair has been obtained. "For the first time in my experience," the President said, referring to the opposition to statehood, "the actual presence of a lobby here has been brought to my attention." He explained that it was not a legitimate lobby, but characterized it as one "using corrupt means." It is denied, however, that he asked his visitors to carry his remarks to Representative Babcock, of Wisconsin, chief insurgent against statehood. Nor did he, specifically, say that money was being used, although that was the inference. The republican members of the Missouri delegation considered the interview a confidential one. One of the leaders on the democratic side of the House said today that if the President had reason to believe that money or corrupt influences were at work in the statehood situation he should not hesitate to let the facts become known, as the democrats of the House would, to a man, support a demand for a congressional investigation of such a charge.

The Senate committee on judiciary this morning authorized a favorable report on the nomination of ex Governor Geo. W. Atkinson, of West Virginia, to be a judge on the court of claims. The committee also reported favorably on the nomination of Luman F. Parker, to be a United States judge in Indian Territory.

D. Wesley Middleton, aged 24, a clerk in the treasurer's office of the Southern Railway, in this city, who was arrested last night, charged with the embezzlement of $3,066, when interviewed this morning by President Spencer and Treasurer Ansley, of the Southern, declined to state why he had taken the money or how he had disposed of it. District Attorney Baker, it is said, has decided not to prosecute the case.

J. C. Napier, a well-to-do colored banker of Nashville, has just "turned down" the offer of the United States consulship at Bahia, Brazil. The place was tendered him by the President entirely unsolicited, but Napier had too good a thing in the banking business at home.

News of the Day.

The exploration of an Indian mound in Pikes county, Ill., has brought to light some ancient relics of unusal interest to ethnologists.

The legislature of Pennsylvania will meet in extraordinary session at Harrisburg at 2 o'clock this afternoon for the enactment of reform measures recommended by Governor Pennypacker.

What will probably be the final battle of the present revolution in Santo Domingo took place near Guayubin yesterday and the government troops were victorious. Several generals were killed or wounded.

Fifteen persons sleeping on the top floor of a tenement house in east Forty-third street, New York, had a narrow escape from death yesterday, when 30 feet of a chimney, 7 feet square, fell from an adjoining factory and crashed through the roof of the dwelling.

Midshipman Meriwether is to tried at Annapolis for hazing The charges contain a new form of hazing called the Rabbit dance. It is said to consist in the performer lying on his back on the floor, kicking his feet in the air and slapping his hands against his hips.

A. J. Balfour, the former Prime Minister and leader of the unionist party, was defeated for Parliament at Manchester, England, Saturday, by a liberal majority of nearly two thousand; the liberals, out of thirty-nine constituencies, gained eighteen seats, and four were gained by the labor candidates.

The Russian New Year celebration in St. Petersburg opened with a tragedy which cast a gloom over the city. In a famous cafe, where were gathered diplomats and aristocrats, Count Sherouretieff shot and killed a student who refused to rise at the singing of the national anthem. Two women were wounded and the student's friends attacked the count.

Public Printer Stillings says a thorough examination of the papers of every employe of the government printing office will be made, and that if it is ascertained that any one has slipped into the service without a civil-service examination, proper certification and appointment, that such employes will be regarded as having been illegally appointed and will be dropped from the rolls.

A sensation was caused in Judge Pinckney's Court in Chicago Saturday when Ferdinand Sulzberger, of New York, millionaire member of the packing firm of Schwarzschild & Sulzberger, admitted that he had served part of a jail sentence in 1868 for defrauding the government. According to the certified record of the proceedings in the New York courts, Mr. Sulzberger was convicted of "conspiracy" during the whisky scandal investigations of 1868.

After spending 24 hours in terrible anxiety lest they be wrecked and swept into the sea, the passengers and crew—60 in all— of the Clyde line steamer Cherokee, bound from Santo Domingo for New York, which went aground on the Brigantine Shoals last Friday, were rescued late yesterday afternoon and landed at the Inlet at Atlantic City. Captain Archibald, two mates and the ship's carpenter decided to remain aboard the stranded steamer. The rescue was accomplished by Capt. Mark Caste and a picked crew in the sloop-yacht Alberta, and their experience was almost as thrilling as that of the stranded passengers.

THE LEGISLATURE.

In the legislature Saturday only routine business was transacted, and most of the time of the two bodies was consumed by a joint session made necessary by the law requiring the gubernatorial vote in the late election to be counted by the general assembly. The work was done by a joint committee of two, composed of Senator Chapman and Delegate Gregory.

The final report gave the following figures:

FOR GOVERNOR.

Claude A. Swanson	84,235
Lunsford L. Lewis	45,815
B. D. Downey	511
George M. Norris	19
Joseph E. Willard	1
Total	130,581

FOR LIEUTENANT-GOVERNOR.

J. Taylor Ellyson	79,573
W. P. Kent	42,500

SENATE.

In the Senate Gen. Anderson introduced a joint resolution providing for a thorough investigation of the affairs of the Virginia Military Institute, the Virginia Polytechnic Institute, and other State institutions. Heretofore these visits to the State institutions have constituted excuses for the liberal expenditure of public money for expeditions which furnished amusement and entertainment of the legislators, but Gen. Anderson's resolution, if passed, will put a stop to this.

A bill providing for the appointment of commissioners of revenue by courts of record was presented by Senator Chapman. Other bills were introduced:

By Mr. Mann—To provide for the establishment of high schools in places convenient to primary schools and in same buildings in which are primary schools, but in no case is such high school to be established until provision is made for the support of the primary schools.

By Messrs. Holt and Sale—To amend the code in relation to districting the State for members of Congress. The bill refers only to the First and Second districts, taking Newport Nsws, the counties of Elizabeth City, James City, York, Charles City, Warwick and Williamsburg from the Second district and placing them in the First. These are the only changes made and will, it is said, more nearly equalize the population.

HOUSE.

The report of the special committee to select a site for a normal school was made to the House. The report, at great length, goes into the merits of the several sites offered and will be taken up by the House later on The vote of the committee as recorded in the report is: For Radford, 10; Harrisonburg, 6; Front Royal, 3; Newport News, 5; Fredericksburg, 5; Manassas, 1.

Senator Keezel, chairman of the Senate committee, also has the report for that body. The report says that Radford was the unanimous choice of the commission. Harrisonburg got six votes and Newport News and Fredericksburg tied. It is said that the legislators from Norfolk are working up a bill to be presented in a few days providing for the location of a normal school at Norfolk.

Two of the House bills introduced relate to criminal law and recommend innovations which will cause much discussion. One makes all offenses of larceny committed between the hours of sunrise and sunset, grand laceny, while the other takes away from juries the right to fix the punishment of criminals and vests that privilege in the trial judge.

Among the bills offered were to provide for the assessment of standing timber for taxation; bill to provide for the payment to pensioners of the sums actually deducted from the amount of their claims for the years 1904 and 1905; bill providing for the appointment of commissioners of the revenue by judges of the Circuit Courts instead of having them elected by the people.

Mr. Lee, offered the report of the special committee, to whom was deferred the question of establishing two or more additional normal schools.

The long delayed desks and other furniture have arrived and both houses adjourned until Tuesday.

Three companion bills have been offered, by Delegate Eugene Ould, of Campbell county. They are: (1) To abolish all delinquent taxes payable to 1900; providing for collection of all delinquent taxes for the years 1900 to 1904 (2) The limitation of tax accounts. (3) A separate ticket for poll taxes.

Bills have been introduced in the Senate:

To create a tax commission, to define its duties, and to appropriate money to pay expenses.

To legalize primary elections and to make them subject to the laws governing general elections so far as said laws shall be acceptable, and to provide for the payment of the expenses of holding the same.

To inquire as to the necessity of increasing capacity of State hospitals or erecting an additional hospital.

To provide for the aid and maintenance bonds for permanent road improvement in the magisterial districts or the counties of the State.

In the House: Prohibiting the corrupt influencing of agents, employes or servants, and prescribing penalties upon persons using said influence, and upon agents, employes or servants submitting themselves thereto.

Today's Telegraphic News

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Jan. 15.—Speaker Cardwell has the House committees ready for announcement. Inside information reveals the fact that eight districts will fare well. Lee heads the committee on courts, Eaton on general laws, and Lions on claims.

The furniture was unpacked today. It is superb in beauty. There are circular tables for the press of the same material as members' desks.

There is great interest manifested in the announcement of committees for tomorrow and many are on the anxious seat. Mr. Bowman, of Salem, will probably be jumped over Mr. Jennings, of Lynchburg, for chairman of the House finance committee, and Mr. Byrd, of Winchester, may be at the head of the elections committee. The new committees will start to work tomorrow.

Defeat of Balfour.

London, Jan. 15—The defeat of former Premier Balfour for re-election to the House of Commons from his constituency in Manchester has caused a storm of criticism to be aroused against him in conservative circles. The free members of the conservative party say the defeat is fortunate, because Balfour destroyed the party by his shuffling of the fiscal question. If Mr. Balfour is absent from Parliament, they declare, the party will be regnerated under the leadership of a stronger man, preferably Lord Curzon, former Viceory of India. Another small faction of the conservatives is pleased with the former Premier's defeat because it asserts that it was a national protest against the packing of the last Cabinet with incapable men. The appointment of Mr. Brodrick to the Indian Office is especially criticised in this connection. The greatest interest in the elections today centers in the contest at Greenwich. There the brilliant free trade conservative, Lord Hugh Cecil, son of the Marquis of Salisbury, is a candidate against a liberal opponent and a protectionist conservative candidate who was put in the field at the suggestion of Mr. Chamberlain himself.

The Annapolis Court Martial

Annapolis, Md. Jan. 15.—The court martial of Midshipman Miller, of Kentucky, first class, on the charge of hazing and "countenancing or encouraging," the hazing of four midshipmen, of the fourth class, which began on Saturday morning last, was completed this morning by argument for both prosecution and defense

The trial of Midshipman Minor Meriwether, jr., of Louisiana, third class will begin at the afternoon session. It is understood that Meriwether has expressed a desire that his case be disposed of in short order. It is also said that he will go on the stand and openly admit having hazed the "plebes" mention in the specifications, since he was subjected to a great strain by former court martial on manslaughter and other charges.

Situation Still Grave.

St. Petersburg, Dec. 15.—The situation in the Baltic provinces is still grave. Advices received today from Gazerpot state that the district has been reduced to ashes and that the troops are unable to obtain food. The destruction of estates throughout the region continues. A decided change for the worse was noted in Mr. Field's condition shortly before midnight last night, after a day of no unfavorable developments.

Fifty-ninth Congress.

Washington, Jan. 15.

SENATE.

There were but few absentees when the Senate met today, after a two days recess.

Mr. Tillman gave notice that on Wednesday he would discuss the Santo Domingo situation. "I know where Morales is now," he explained, "but I have a few ideas to submit." He will talk on a resolution calling upon the President for information.

Mr. Bacon offered a resolution declaring that interference with or participation of any controversy between European governments relating to European international questions is a violation of the well established and well settled and well defined policy of this government. He then passed on to public discussion of the situation which he has been attempting for some days, but which Mr. Lodge of the foreign relations committee has been preventing by having the doors closed. Mr. Bacon charged the Secretary of State with bad faith in giving newspaper correspondents information which he had declined to give to the Senate.

HOUSE.

Representative Babcock, of Wisconsin, immediately after the reading of the Journal in the House, arose to a question of personal privilege today. A newspaper publication had charged that he opposed statehood because he had been turned down for the chairmanship of appropriations committee. He denied it, declared that he had not applied for the place, did not want it, and would have declined it had it been offered him. He also pointed out that he has always been opposed to single or joint statehood for New Mexico and Arizona. He denied also that he had surrendered his views on tariff revision—said that he still stood for revision of those schedules that were higher than necessary to afford adequate protection, and had simply bowed to the will of the majority in dropping the agitation. He added that the Wisconsin delegation was in favor of tariff revision at this session of Congress.

The House then adopted the resolutions calling on the Secretary of the Navy for information regarding the Connecticut and Louisiana, and went into committee of the whole to resume consideration of the Philippine tariff bill. Mr. Parker, of New Jersey, spoke in advocacy of the bill, which has been before the House for 46 legislative hours.

General debate will close at 5 o'clock this evening. Under the five minutes rule, a vote on the bill may be reached tomorrow or Wednesday.

To Have a Rabbit's Eye.

Wilton Heinard, blind for almost two years, will hereafter see through the eyes of a rabbit if a delicate operation performed at the Episcopal Eye and Ear Hospital in Washington is a success. Two surgeons will be able to tell whether or not the operation is a success in a day or two, when Heinard goes under the knife for the last time. The operation consisted in grafting upon the sightless balls of Heinard's eyes, horribly burned with lye, the transparent cornes of the eyes of a Belgian hare. Heinard was a prosperous dealer in one of the city markets. He was returning to his home in the northeastern part of the city on the night of April 14, 1904, when he was attacked by a negro whom he had formerly employed.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammed portion of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Smoot Will Case.

When the Smoot will case was resumed in the Corporation Court at 1 o'clock this morning before Judge Barley and a jury, Miss Ella Rose Smoot, who is contesting the probating of the will of her mother, Mrs. Frances P. Smoot, on the ground of mental incapacity to make such a document and on the charge that the testatrix was unduly influenced, took the stand. Miss Smoot testified that her relations with her brother-in-law, Rev. W. Sirother Jones, had been strained since some time after he married into her family the second time, and ascribed this condition to the fact that he importuned her mother for money allowances for his son by his first wife to the detriment of the contestant. She also charged her sister, the second Mrs. Jones, with having struck her in the face and in other ways subjected her to indignities. At noon Miss Smoot was turned over to the attorneys for the proponents of the will for cross-examination and was on the stand when a recess was taken shortly before one o'clock. The greater part of the morning session was consumed in arguments as to the period of time in which evidence should be admitted to show undue influence. Col. Smith and Judge Norton, of counsel for the proponents, contended that the testatrix had framed her will, appointing Rev. Mr. Jones trustee for Miss Smoot, with a view to the future welfare of the contestant on account of certain alleged habits. Mr. Brent, counsel for Miss Smoot, argued that the testatrix had made her will in 1899 and added the codicil in 1902 and that nothing subsequent to the latter date could be brought out against the contestant. Mr. Brent was sustained by the court.

After recess Miss Ella Rose Smoot took the stand and was cross-examined by Judge Norton.

Proposed Park.

This section is to have a new place of summer amusement, in the way of a magnificent park. Ingersoll, whose home is in the West and who built Luna Park, at Cleveland, and numerous parks in western cities and who recently returned from Mexico after putting up a half-million-dollar place of amusement in the suburbs of Mexico City, is the man behind the project. As has heretofore been stated in the Gazette, the new park will be located midway between Washington and Alexandria, on the Washington, Alexandria and Mount Vernon Railway, near the Four-mile run power house. The ground has already been purchased and work on the new enterprise will be begun in the near future. The park is to cost in the neighborhood of $300,000 and will be illuminated by 75,000 electric lights.

Alleged Attempted Assault.

Officer Jones yesterday arrested a young colored man named James Misen, alias "Riverside," as a suspicious character. After he had been taken in custody information was received to the effect that Misen was charged with a serious offense in Alexandria county. It is alleged that he accosted a ten-year-old white girl named Thompson, made significant advances to her and finally pushed her down a bank. He later became frightened and made his way to this city. Misen, after he had been locked up, denied that he had placed his hands upon the child, but stated that he was endeavoring to made an engagement for the girl to meet another man. Constable Cornell came here this morning and conducted the prisoner to Alexandria county. The darkey formerly lived near Mount Vernon.

Funerals.

The remains of Phillip H. Vogelgesang, who died in Springfield, Ohio, last Friday, reached this city at 3 o'clock yesterday afternoon, and were met at the union station by Alexandria-Washington Lodge of Masons and friends and relatives of the deceased. The body was escorted from the station to the family lot in St. Paul's Cemetery, where it was buried with Masonic honors. Religious services were conducted by Rev. P. P. Phillips, and the pallbearers were members of Alexandria-Washington Lodge.

The funeral of the late Noble T. Johnson took place from the residence on Queen street at 3 o'clock yesterday afternoon, Rev. Dr. Fisher officiating. The interment was in the Methodist Protestant Cemetery.

Arrest of Two Young Men.

Harry Meeks and Herbert Foster were arrested this morning by Lieutenant Smith and Officers Ferguson and Smith in connection with the mysterious murder of George Curtin. These men were with Curtin on the night he disappeared, and while no charge of complicity in the crime is urged against them, the authorities think it is incumbent upon them to either explain his disappearance or give the police information which may lead to the apprehension of the parties concerned in the crime. It is believed the prisoners can throw more light upon the murder than any other persons who have been examined.

Filled up the Hole.

There was a conflict of authority on upper Prince street Saturday morning between a householder and employees of a telephone company. The latter, it is said, dug a hole for a post during night which the householder filled up next morning. When an attempt was made to erect the pole the procedure was antagonized by the citizen, and subsequently Mayor Paff was called upon to settle the difficulty. Later the pole was placed in a spot agreed upon by all parties.

Charged with Embezzlement.

Wesley D. Middleton, jr., 23 years old, a clerk in the treasurer's office of the Southern Railway, in Washington, was arrested last night, charged with having embezzled $3,066 of the company's money. President Spencer and Treasurer Ansley, of the company, held a long interview with Littleton but were unable to induce him to say anything other than he had taken the amount named.

Elizabeth Jenkins, arrested by Officer Young charged with disorderly conduct, forfeited her collatered by failing to appear.

John Quill, arrested by Officers Knight and Ferguson charged with a similar offense, was dismissed.

James Misen, colored, arrested as a suspicious character, was turned over to the county authorities, he being charged with an attempted assault upon a white girl.

Cerstilla Anderson, colored, charged with stealing meat from W. H. Peck, was fined $5.

A Big Real Estate Sale.

Grant Parish, the real estate broker of Washington, has once more duplicated his success of selling high priced properties. Following close on to the sale of "Woodlawn Mansion," which he made at a fancy price, he sold on Saturday the residential farm estate belonging to Commander W. Kilburn, known as "The Meadows," situated on the Little River Turnpike about four miles from town. The new purchasers are Mr. and Mrs. Topping, who are New Yorkers. It is the intention of the new comers to transfer their stable of thorough-bred horses now abroad, together with their New York establishment, to the farm just purchased. Mr. Parish has several deals of equal importance located within the Alexandria district, which he expects to bring to a satisfactory finish during the present week.

Recommitted to Jail.

Mrs. J. P. Hunter, whose husband is under arrest upon the charge of bigamy in Newport News, went to Norfok yesterday with her father, M. J. Green, and was in conference with Chief of Police Boush and Commonwealth's Attorney John G. Tilton, on the prosecution of Hunter, who is alleged to have married her while he had a wife in Alexandria. It was decided by the Norfolk authorities to have the charges against young Hunter continued until his alleged Alexandria wife can go to Norfolk, and the prisoner was recommitted to jail until January 28th.

Deaths.

Mrs. Susan Cooper Cline, widow of Robert T. Cline, of this city, died in Philadelphia yesterday. The remains will be brought to this city on Wednesday for interment.

A meeting of the Woman's Auxiliary to R. E. Lee Camp will be held in the Camp Hall tomorrow evening, Tuesday, at 7:30 o'clock. The object of this meeting is to perfect plans for the R. E. Lee banquet, on the 10th of January. It is earnestly hoped and urged upon all members of the Auxiliary, the 17th Virginia Regiment Chapter, Mary Custis Lee Chapter and the Junior Daughters to be present at this meeting, as it is one of importance, and their assistance will be needed.

Sunken Arks.

A large hunting ark, owned by John Green, colored, has been found sunk at Notley Hall. It had recently been stolen from one of the Alexandria wharves.

A large ark, partly burned and about to sink, is said to be lying in Dogue creek, a short distance below this city.

Forced to Starve.

B F. Leek, of Concord, Ky., says: "For 20 years I suffered agonies, with a sore on my upper lip, so painful, sometimes, that I could not eat. After vainly trying everything else, I cured it with Bucklen's Arnica Salve." It's great for burns, cuts and wounds. At E. S. Leadbeater & Sons' drug store; only 25c.

LOCAL BREVITIES.

A southbound mail train of the Southern Railway struck and killed a colored woman at Charlottesville yesterday.

While tearing up the floor of an unoccupied house on Commerce street a day or two ago the bones of an infant packed in lime were discovered.

In the list of officers installed by Marley Encampment, I. O. O. F., last week, the name of Mr. W. W. Sherwood, the scribe, was inadvertently omitted.

Yesterday was another disagreeable Sunday. The weather during the morning was cloudy and threatening, with a raw atmosphere, followed by rain during the afternoon which continued at intervals throughout the night. In consequence of these conditions the attendance at most of the churches showed a falling off.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years from Rheumatism," says W. H. Howard of Husband, Pennsylvania. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by Gibson & Timberman and W. F. Creighton & Co.

Kills Wife's Lover.

The last act of a remarkable tragedy has been played before a court-martial in Bucharest. A colonel of the Roumanian army, living in a village near the capital, was intensely jealous of his young and beautiful wife. A few weeks ago he was called away on duty for twenty-four hours. But he was suspicious, and, deserting his post, made his way home. He found the doors locked, and could get no answer to his knocks. While he was waiting he looked up and saw that the light in the drawing room was being extinguished. He hurled himself against the door, broke it down and rushed upstairs. In the darkness he did not see his wife, who escaped him and gained the door. But a slight noise revealed the lover, and mad with passion, the husband seized a revolver, and began firing in the dark. His shots were answered with groans, and when the lights were restored the corpse of a young Russian student was found in a corner of the room. The colonel gave himself up and was tried by court-martial. When he was acquitted the public gave him an immense ovation in the streets. He goes free so far as killing of the student is concerned, but is condemned to two months arrest for having deserted his post.

Violet Leaves as a Cancer Cure.

The interest recently aroused by the use of violet leaves as a cure for cancer has led H. Wippell Gadd, F. C. S., to make a study of the chemistry of the leaves. He embodied the results of his experiments in a paper which he last week read before the Thereapuetic Society in London. Mr. Gadd's examination of the leaves of the "Princess of Wales" violet gave the following results:

No volitile constituent was isolated. No alkaloid could be detected. No salicylic acid was found. The presence of glucoside was proved, and amounted to 5 per cent, of the weight of the fresh leaves.

After the reading of the paper, a physician from Birmingham stated that he had tried violet leaves' infusion in a case of cancer and found it did not ameliorate the state of the disease, but that the patient was relieved of a great deal of pain.

Worth $750,000, Starves to Death.

Father Toby, the most remarkable miser in Europe, has just died at Berne. When 22 years of age he inherited a large fortune, and from being a spendthrift became a notorious miser. He shunned society, and lived in a dilapidated house on bread and water. He never bought new clothes, and he limited his personal expenses to a penny and a half per day. He died at the age of 70, and his body was so emaciated that it resembled a mummy.

Search of his house revealed $100,000 in gold and silver under the floor of the bedroom, and other securities found show that his estate is worth about $750,000. All his relatives, so far as known, died during his life, and it is expected that the State will take possession of his fortune.

The Diamond Cure.

The latest news from Paris, is, that they have discovered a diamond cure for consumption. If you fear consumption or pneumonia, it will, however, be best for you to take that great remedy mentioned by W. T. McGee, of Vanleer, Tenn. "I had a cough for fourteen years. Nothing helped me until I took Dr King's New Discovery for Consumption, Coughs and Colds, which gave instant relief and effected a permanent cure." Unequalled quick cure for Throat and Lung Troubles. At E. S. Leadbeater & Sons' drug store; price 50c and $1.00; guaranteed. Trial bott'e free.

A Liquid Cold Cure.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar—the Liquid Cold Cure. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Gives strength to weak lungs. Affords immediate relief in Croup, Coughs, Colds, Whooping-Cough, etc. Children love it. Sold by W. F. Creighton & Co., 401 King street.

Chamberlain's Cough Remedy the Best Made

"In my opinion Chamberlain's Cough Remedy is the best made for colds," says Mrs. Cora Walker, of Poterville, California. There is no doubt about its being the best. No other will cure a cold so quickly. No other is so sure a preventive of pneumonia. No other is so pleasant and safe to take. These are good reasons why it should be preferred to any other. The fact is that few people are satisfied with any other after having once used this remedy. For sale by Gibson & Timberman and W. F. Creighton & Co.

FOR OVER SIXTY YEARS

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer. For their benefit we prepare Ely's Liquid Cream Balm. Except that it is a liquid it is in all respects like the healing, helpful, pain-allaying Cream Balm that the public has been familiar with for years. No cocaine nor other dangerous drug in it. The soothing spray relieves at once and cure is certain. All druggists, 75c., including spraying tube, or mailed by Ely Bros., 56 Warren street, New York.

Soothing and Comforting.

The soothing and comforting effects of DeWitt's Witch Hazel Salve, when applied to Piles, sores, cuts, boils, etc., subdues pain almost instantly. This Salve draws out the inflammation, reduces swelling and acts as a rubefacient, thus circulating the blood through the diseased parts, permitting or aiding Nature to permanently remove the trouble entirely. Sold by W. F. Creighton & Co., 401 King street.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.
